META THERM
FURNACE PRIVATE LIMITED

COMPANY PROFILE

www.mtf.co.in

About COMPANY

Incepted in the year 1985, **MTF** has grown rapidly to become one of the one of the pioneers in the field of industrial machinery and heavy duty engineering solutions. The company is well known across the globe for offering advanced heavy machinery equipments and technologically superior solutions that aid and enhance the industrial processes ensuring complete safety and increased overall output. We are also known as one India's No.1 Industrial Furnace and Industrial Ovens Manufacturing company based in Mumbai Maharashtra India. The success of MTF can be attributed to following factors.

META THERM
FURNACE PRIVATE LIMITED
OIL GAS ELECTRIC

OUR SERVICE

part from sales, MTF also offers credible after sales support with help of trained and qualified technicians. This ensure that your products is maintained well and is always in best of the shape to offer exceptional performance.

- **MTF** offers a wide array of industrial machinery and heavy duty equipments as part of its product catalogue. We are counted as one of the reputed furnace manufacturers suppliers and exporters based in Mumbai Maharashtra India. The product portfolio of the company comprises of Oil, Gas and Electric Furnaces & Ovens; Infra-red Electric Glass Kiln and Construction Machineries. All the products offered by us are manufactured at our in house production facility, where special attention is given to exceptional quality and superior performance. Manufactured from industrial grade raw materials, these heavy duty machines exhibit exceptional durability and long service life.
- Furthermore, to ensure our Brass Melting Furnaces are the best available in market, we use latest technology that makes them perform better even under challenging circumstances. Backed by vast industry experience and exceptional track record of delivery high tech industrial ovens, we have been able to meet various requirements of our clients with ease. Our vast network also helps us to ensure timely delivery and regular maintenance of our products. To buy furnace and ovens at budget friendly rates, send your enquiry now.

Engineering Excellence Since 1985
POWERING INDUSTRIES
HEATING THE FUTURE
INDUSTRIAL
FURNACE
CUSTOMIZED
AS PER YOUR NEED
Tailored furnace solutions to match your process, material and production requirements.
BUILT FOR PERFORMANCE.
DESIGNED FOR RELIABILITY.
Meta Therm Furnace Private Limited delivers advanced industrial furnace solutions that ensure precision, efficiency and long-lasting performance for diverse industrial applications.
PRECISE TEMPERATURE CONTROL
Consistent heating for superior results
DURABLE & RELIABLE
Robust construction for long-lasting performance
ENERGY EFFICIENT
Optimized design for lower operating cost
EASY TO OPERATE & MAINTAIN
User-friendly controls for smooth operations
OUR RANGE OF FURNACES
MELTING FURNACE
CHAMBER FURNACE
CONTINUOUS FURNACE
BOGIE HEARTH FURNACE
PIT FURNACE
ROTARY FURNACE
HEAT TREATMENT FURNACES
INDUSTRIAL OVENS
Applications : Metal Industry • Aluminium • Brass • Engineering • Automotive • Electrical • Ceramics • Chemicals & More
35+ YEARS
OF ENGINEERING EXCELLENCE
QUALITY ASSURED
BUILT WITH PREMIUM GRADE MATERIALS

PRIVATE LIMITED
Engineering Excellence Since 1985
ENGINEERED TO PERFORM.
BUILT TO LAST.
CRUCIBLE
FURNACE
TRUSTED. RELIABLE. EFFICIENT.
Meta Therm Furnace Private Limited offers high performance crucible furnaces designed for melting non-ferrous metals with superior efficiency and safety.
HIGH THERMAL EFFICIENCY
Optimized design for faster melting and lower fuel consumption.
DURABLE CONSTRUCTION
Robust build for long-lasting performance in tough conditions.
EASY OPERATION
User-friendly handling with safe tilting and pouring mechanism.
SAFE & RELIABLE
Designed with safety features for smooth and secure operations.
IDEAL FOR MELTING
BRASS, BRONZE, COPPER, ALUMINIUM & OTHER NON-FERROUS METALS
WIDELY USED IN
FOUNDRIES
NON-FERROUS METAL INDUSTRIES
ELECTRICAL & ENGINEERING
AUTOMOTIVE COMPONENTS
DIE CASTING INDUSTRIES
GENERAL ENGINEERING
PREMIUM QUALITY
Made with high grade materials for superior performance.
ENERGY EFFICIENT
Reduced operating cost with advanced heat management.
CUSTOM ENGINEERING
Tailored solutions to match your process and production requirements.
AFTER SALES SUPPORT
Dedicated support for installation, training and maintenance.

MANUFACTURED IN INDIA
FOR GLOBAL INDUSTRIES

CONSISTENT HEATING.
SUPERIOR RESULTS.
INDUSTRIAL
DRYING OVEN
BUILT FOR RELIABILITY. DESIGNED FOR PERFORMANCE.
Engineered for uniform drying and efficient heat circulation, our Industrial Drying Oven ensures optimal performance, energy efficiency and long service life across a wide range of applications.
UNIFORM HEAT DISTRIBUTION
Advanced air circulation system ensures even temperature throughout the oven.
DURABLE CONSTRUCTION
Heavy-duty structure with premium insulation for long-lasting reliability.
ENERGY EFFICIENT
Optimized heating technology for lower energy consumption.
EASY OPERATION
User-friendly controls for safe and hassle-free operation.
IDEAL FOR MULTIPLE INDUSTRIES
PHARMACEUTICALS
FOOD PROCESSING
CHEMICALS
AUTOMOTIVE
ELECTRONICS
TEXTILES
AND MORE
HIGH QUALITY MATERIALS
Built with premium grade material for maximum durability.
LOW MAINTENANCE
Designed for minimal maintenance and maximum uptime.
SAFE & RELIABLE
Advanced safety features for reliable and worry-free use.
OPTIMIZED PERFORMANCE
Engineered to deliver consistent results with maximum efficiency.
BUILT TO LAST.
PERFORMED TO PERFECTION.
ENGINEERED FOR EFFICIENCY.
DESIGNED FOR INDUSTRY.
RELIABILITY YOU CAN TRUST.
PERFORMANCE YOU CAN COUNT ON.

INDUSTRIAL
BATCH OVEN
PRECISE HEATING. CONSISTENT RESULTS.
Our Industrial Batch Oven is engineered for uniform heat distribution, energy efficiency and long-lasting performance. Ideal for drying, baking, curing and heat treatment applications across various industries.
UNIFORM HEAT DISTRIBUTION
Ensures consistent temperature throughout the chamber.
ROBUST CONSTRUCTION
Heavy-duty build for maximum durability and safety.
ENERGY EFFICIENT
Advanced insulation and efficient heating for lower power consumption.
EASY OPERATION
User-friendly controls for safe and convenient operation.
SUITABLE FOR A WIDE RANGE OF INDUSTRIES
AUTOMOTIVE

VISION

“Setup in the year 1985, MTF (Meta Therm Furnace Private Limited) is a very well reputed organization involved production of heavy engineering products and machinery and known as one of the leading Industrial Furnaces Manufacturers & suppliers and exporters based in India.”

The company positions itself as:

- A pioneer in the industrial furnace field, bringing latest technology and innovative engineering solutions to India
- A leading manufacturer, supplier, and exporter of industrial furnaces and ovens from Mumbai, India
- An organization committed to producing heavy-duty furnaces excellent in performance that can match international counterparts
- A company focused on advanced engineering and unique product design to place themselves among the be industrial equipment manufacturers globally

Core Focus Areas

MTF’s vision centers on manufacturing and exporting a diverse portfolio including:

- Oil, Gas, and Electric Furnaces
- Industrial Ovens (Hot Air, Tray, Electric, Fuel Fired, Curing, Baking)
- Metal Melting, Glass, Brass Melting, High Temperature, Crucible, Rotary, Bell, and Pit Furnaces
- Infra-red Electric Glass Kilns
- Construction Machineries

The company emphasizes durability, chemically neutral materials, and advanced technology to serve various industrial applications across India and international markets including UAE, UK, South Africa, Russia, Nepal, and

INNOVATIVE EQUIPMENT.
BUILT FOR INDUSTRY.

ENGINEERED FOR STRENGTH. DESIGNED FOR PERFORMANCE.

GUNITE MACHINE

High Durability | Superior Performance
Efficient & Reliable

OIL FILTER MACHINE

Clean Oil, Better Performance
Reliable Filtration | Easy Maintenance

PAN MIXER MACHINE

Uniform Mixing | High Efficiency
Robust Construction | Low Maintenance

BRICK CUTTING MACHINE

Precise Cutting | High Productivity
Sturdy & Durable | Easy to Operate

ROBUST DESIGN
Built for tough industrial use

HIGH EFFICIENCY
Optimized for maximum output

RELIABLE & DURABLE
Long service life with consistent performance

AFTER SALES SUPPORT
Dedicated support for seamless operations

POWERING INDUSTRIES.
DELIVERING RESULTS.

MISSION

- **Our mission is to design, manufacture, and supply high-performance industrial furnaces, ovens, and heavy engineering solutions that empower industries with reliable, efficient, and innovative thermal processing technology. Committed to quality, durability, and global standards, we strive to deliver value-driven products that enhance productivity and support sustainable industrial growth across India and international markets.**

Our GOALS

- **Manufacturing leadership: Establish themselves as leading industrial furnace manufacturers and suppliers in India, leveraging their reputation since 1985.mtf.co**
- **Technology innovation: Bring latest technology and innovative engineering solutions to India's industrial furnace market, positioning themselves as pioneers in heavy engineering products and machinery.mtf.co**
- **Export expansion: Export their industrial furnaces and ovens to international markets including UAE, UK, South Africa, Russia, Nepal, and Sri Lanka from Mumbai, India.mtf.co**
- **Product diversification: Maintain a diverse product portfolio covering Oil, Gas and Electric Furnaces, Industrial Ovens, Infra-red Electric Glass Kilns, and Construction Machineries.mtf.co**
- **Quality benchmarking: Produce heavy-duty furnaces that match international counterparts in performance while using industrial-grade materials and advanced technology.mtf.co**
- **Market positioning: Place themselves among the best Industrial Equipment Manufacturers and Glass Kiln suppliers/exporters globally through advanced engineering and unique product design.mtf.co**
- **Product Range Focus**
- **Their goals center around manufacturing and supplying a comprehensive range including Metal Melting Furnaces, Glass Furnaces, Brass Melting Furnaces, High Temperature**

ACHIEVEMENT

- Pioneer Status: Recognized as one of India’s leading and most reputed industrial furnace manufacturers and exporters, with over 40 years of experience in heavy engineering solutions.mtf+2
- Technology Leadership: Known for introducing latest technology and innovative engineering solutions to the Indian market, setting benchmarks in industrial furnace design and performance.mtf
- Global Export Footprint: Successfully exports to multiple countries including UAE, UK, South Africa, Russia, Nepal, Sri Lanka, Zimbabwe, Sudan, Ethiopia, Myanmar, Nigeria, Angola, Iraq, France, and Canada, demonstrating strong international market presence.mtf+3
- Diverse Product Portfolio: Manufactures a wide range of high-performance products such as Metal Melting Furnaces, Glass Furnaces, Brass Melting Furnaces, High Temperature Furnaces, Crucible Furnaces, Rotary Furnaces, Industrial Ovens, Infra-red Electric Glass Kilns, and Construction Machinery, all built using industrial-grade materials and advanced technology.mtf+1
- Quality & Durability: Products are noted for exceptional durability, chemically neutral nature, and performance matching international standards, earning trust from a growing list of satisfied clients globally.mtf+1
- Industry Recognition: Reckoned among the eminent manufacturers, suppliers, and exporters of industrial ovens, furnaces, and related heavy engineering equipment in both Indian and international markets.
